

DIVE INTO THE MAGIC OF A DIVE IN LIVEABOARD CRUISE

RED SEA - 2026

Red Sea, A Unique Experience

AND EXCLUSIVE SERVICES

Life is made of perfect moments. And those who love diving know that a liveaboard cruise is much more than a trip: it's a memory that stays with you forever.

On board, time flows slowly and authentically. Between breathtaking dives, fiery sunsets, and laughter shared with new friends, every day becomes an adventure to be lived to the fullest.

Dive In Boats

DESIGNED FOR RELAXATION AND FUN

Comfort, elegance, and functionality come together on our boats, designed and outfitted to offer the very best during your diving cruises.

Every detail is crafted to ensure relaxation and safety, with spacious common areas, sun decks, and a fully equipped diving area.

Our trained and attentive staff will make this holiday truly unforgettable.

M/Y ALDEBARAN

COMFORT AND 12 SEA-VIEW CABINS

CompletamFully renovated in 2025, M/Y Aldebaran is meticulously cared for in every detail and managed with great attention to comfort and service. It features 12 cabins distributed between the main and upper decks, all with large sea-view windows, private bathrooms, and air conditioning. All cabins offer sea views, opening portholes, private facilities, and individually controlled air conditioning. On the main deck: 1 cabin with a double bed, 1 cabin with twin beds, 4 Deluxe modular cabins (double beds convertible into twin beds), 2 triple cabins with separate beds. On the upper deck: 4 cabins with twin beds (for a total capacity of 26 guests). The spacious common areas include a restaurant, a bright lounge with TV, and on the two upper decks: a minibar, water dispenser, ice maker, comfortable sofas, shaded areas, and a panoramic sundeck. Diving equipment: 12L aluminum tanks with INT/DIN valves; on request, 15L tanks, 6L tanks (INT/DIN), and NITROX refills.

Why Choose Dive In?

QUALITY AND RELIABILITY:

We personally supervise the management of the boats and your holiday, with our Italian staff always on board with you. We pay the utmost attention to everyone's enjoyment and safety. We create a social, fun environment where everyone feels part of the group. We do everything we can to offer the same level of care and warmth that we would give to our dearest friends.

30 YEARS OF EXPERIENCE IN THE RED SEA:

Since 1995, the Red Sea has been our course. Dive centers in Hurghada and Sharm El Sheikh, liveaboard boats, and a team born in the water. We are divers and men of the sea: we will guide you through the best sites with care, passion, and impeccable standards.

2026 ITINERARIES

AFTER 30 YEARS OF EXPERIENCE, WE HAVE SELECTED THE BEST ROUTES IN THE RED SEA

NORD, RAS MOHAMED & BROTHERS ISLANDS

Departure from Hurghada. The first part follows the NORTH itinerary without the Tiran reefs, with an additional full day of diving at the Brothers Islands. These two offshore pinnacles, located 40 miles from the Egyptian coast, offer spectacular dives along walls covered in corals, soft corals, gorgonians, and the famous wrecks of the Numidia and the Aida 2, with the chance for thrilling encounters with large pelagic species. This cruise is suitable for experienced divers. Itinerary subject to sea conditions.

Minimum certification: Advanced Open Water Diver.

NORD, RAS MOHAMED & BROTHERS ISLANDS

Departure from Hurghada. The first part follows the NORTH itinerary without the Tiran reefs, with an additional full day of diving at the Brothers Islands. These two offshore pinnacles, located 40 miles from the Egyptian coast, offer spectacular dives along walls covered in corals, soft corals, gorgonians, and the famous wrecks of the Numidia and the Aida 2, with the chance for thrilling encounters with large pelagic species. This cruise is suitable for experienced divers. Itinerary subject to sea conditions.

Minimum certification: Advanced Open Water Diver.

BROTHERS, DEDALUS & ELPHISTON

BDE – The Magic Triangle
Departure from Marsa Alam or Hurghada toward Brothers, Daedalus, and Elphinstone. Sheer walls covered in corals, historic wrecks (Numidia, Aida 2), and encounters with large pelagic species.

The itinerary ends at Elphinstone, with possible sightings of hammerheads and oceanic whitetips.

One of the most thrilling and demanding cruises in the Red Sea, suitable for experienced divers.

Itinerary subject to sea conditions.

Minimum certification: Advanced Open Water Diver.

ST. JOHN & DEEP SOUTH

Departure from Marsa Alam. A full week in the Deep South, exploring the most remote reefs and islands.

The dives—both in current and over colorful plateaus—are perfect for spotting a wide variety of fish and swimming among vibrant, diverse corals.

Route through Saint John: Habili Ali, Small Gota, and Big Gota, with the option to include the fascinating island of Zabargad. On the return journey, stops include the cathedral-like caverns of Shaab Claudio, the Sataya reef to swim with dolphins, and the coral labyrinth of El Melawi before heading back to Marsa Alam. Suitable for all divers.

Minimum certification: Open Water Diver.

LIVEBOARD PROGRAM

TYPICAL LIVEBOARD DIVING PROGRAM

Day 1: Arrival at the airport, meeting with the Dive In staff outside, transfer to the embarkation port. Cabin assignment and preparation of dive equipment. Dinner and overnight stay on board.

Day 2: Departure and navigation toward the first dive site. 2 guided dives, depending on transfer times.

Days 3–6: 3 guided daytime dives per day + optional night dive, where permitted.

Day 7: 2 guided dives. A minimum 24-hour surface interval before flying is required. Return to port after lunch.

Day 8: End of cruise services and transfer to the airport. Optional last night in a hotel with breakfast until 10:00 AM.

Note: Any arrangements between check-out (Boat/Hotel) and airport arrival time are at the client's expense and choice.
